Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for University Hospital Center for Advanced Liver Disease & Transplant in fiscal year 2023. The entity to receive funding for this project is University Hospital, located at 150 Bergen St, Newark, NJ . The funding would be used to support the construction of a central location of services that will unite the various pieces of The Center's practice, allowing for a streamlined operation that enables the clinical team to closely monitor every patient under one roof. Patients with liver disease will have one number to call and one location to visit.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Donald M. Payne, Jr.
Member of Congress
